## SOUTHERN EDUCATIONAL ASSOCIATION

Among the many gatherings of various representative interests scheduled to meet in Richmond, Va., in the near future is one that will draw visitors from every southern State. This is the tenth annual meeting of the Southern Educational Association, to be held December 27th, 28th and 29th.

Teachers of public and private schools from city and country; teachers and professors from institutes, academies, colleges and universities from every State in the south will be there by the hundreds.

The convention will prove to be, no doubt, the most important in the Southern Educational Association's history, and the objects of the organization should appeal to every friend to education in the South.

### COMBINATION OF FORCES.

The Southern Educational Association appeals "to every white teacher in the South to join in a vigorous movement for a closer and effective union of educational forces into an organization which shall not only foster self-improvement and a better understanding between the different branches of the service, but which shall aim to become strong enough to command attention in legislative halls, and persuasive enough to arouse and educate public opinion throughout the land in favor of better school-houses, better equipment, better salaries and more generous endowment."

### RICHMOND'S WELCOME.

The people of Richmond await the coming of the Association and thousands of visitors and a cordial welcome will be extended to all. The local Committee of Arrangements are made up of over one hundred representative business and professional men, and Richmond's famous and generous host will be fully sustained on this, as on former similar occasions.

The programme is a specially attractive one and a number of educators of national fame will participate in the special and general discussion of topics.
